GICLÉE PRINT PRICING

April 2008

There is no file setup fee or charge for photographing/scanning your work. Those costs are figured into the first print price. Additional prints of the same image are available at a substantial discount. Cost is figured on a price per square inch basis, and is determined by the image size, not the paper size, of your print. Prints can be made with or without a white border.

	First print: <u>15 cents/square inch</u>	Additional prints: <u>10 cents/square inch</u>
